A job that started out as a filing clerk for Dr. Rick Schmidt's Family Practice turned into a career in nursing for Cheryl King.

King moved on to the accounts receivable department and when Carolyn Stringer left with her family to move to Clinton, King came back to help with other duties.

"Dr. Schmidt was always very encouraging telling me he thought I would make a great nurse so I tried," King explained.

She earned her Licensed Practical Nurse degree at Mid-America Technology Center in 2006, her Registered Nurse degree from OCCC five years later and earned her Bachelor's in Nursing from Oklahoma City University in 2020.

King worked for Schmidt for 11 years before she ever set foot in a nursing class.

After graduation from LPN school she was hired immediately and turned in an 11 year stint with Loving Care Home Health. At the same time she attended adult education at Mid-America.

The BSN class was offered through OCU but the class met at Norman Regional Hospital. During the course of her 11 years at Loving Care she had become acquainted with four of the other students attending the BSN Course. They bonded and became a group of four for their weekly classes.

On top of all that Mrs. King is a Licensed Wound Care Nurse. She earned that degree in 2008 and continues to keep current to this day.

"We have to get 65 hours of continuing education every five years," King said. "There is a conference every year where we can earn from

When President George H.W. Bush was running for re-election one of his campaign slogans was "Read my lips."

Those are words to live by for a pair of brothers who attend Washington Schools.

Ganon and Kane Springer both suffer from Enlarged Vestibular Aqueduct (EVA) which has robbed them of hearing.

Ganon, an eighth grader, is looking forward to going to high school and going to Mid-America Technology Center. His favorite class is design and modeling. He wants to study "mechanical stuff".

Kane, a senior, has signed to play baseball at Murray State College in Tishom-

Both said they pray a lot about their situation and both went to Hearts for Hearing for Audiology and Speech Services for years.

"The extensive speech therapy was our saving grace," mom, Taysha Springer said.

Kane went to the special speech class until his seventh grade year. Ganon finished just last semester.

"I struggled with the consonant 's'," Kane said.

When Kane was first diagnosed Ryan and Taysha Springer were told he would need to learn sign language and probably never be able to attend public school.

"My parents said, "No way," Kane said.

They first suspected something when Kane would not turn around when they called out his name.

"We were getting a lot of 'huhs' and he was not speaking many clear words,"Taysha said."They think he read lips from age 2-3. He went in for a sedated ABR test and was determined to have severe to profound hearing loss. That began our new normal.

Capitol visit interesting

It's always an interesting day when members of the Oklahoma Press Association gather at the State Capitol for the annual OPA Legislative Summit.

After an initial meeting members fan out through the building to visit with their respective senators and representatives.

We had the opportunity to speak with State Sen. Jessica Garvin and State Rep. Cindy Roe among others.

After lunch, House Speaker Charles McCall, House Minority Leader Cyndi Munson, Senate Minority Leader Kay Floyd and Senate President Pro Tempore Greg Treat all spoke and made presentations.

Our new legislative session began on Monday, February 6, and we hit the ground running with Governor Stitt's State of the State Address. Senators joined us in the House chamber to hear his speech, and we also hosted statewide officials, tribal leaders and members of the Oklahoma Supreme Court.

In the governor's annual speech, he outlines his policy priorities and budget request. While committees normally meet at the same time every week, there were not many meetings held this week as we're still getting our schedules and agendas organized.

To prepare for meetings, the committee chair will meet with legislators who have a bill or bills assigned to the committee. To the Editor:

Oklahoma has a fractured system of 512 public schools, 25 charter schools, about 207 private schools, 23,000 students home schooled and EPIC virtual instruction in every county. A mess. Include the 15 mills that 59 Career Tech schools are taking from many districts and the issues are compounded.

Now Governor Stitt and State Superintendent Walters are requesting a commitment for funding more schools under the guise of school choice. Really, more schools? Schools cost (teachers, classrooms, gyms, utilities) and how are we to afford the required facilities and teachers with more new schools?

The Administration should be aware that school choice is often not relevant or feasible in rural areas.

According to recent test scores, many students in Tulsa and Oklahoma City can barely read or write. Their parents are often focused on economic survival, not school choice. A significant number of children are basically illiterate. How are we to provide a charter/private school for them? I would hypothesize that 95% of Oklahomans cannot define a charter school. Not once have I heard the Governor or the State Superintendent inquire about ways and means (or present a comprehensive plan) to improve the public schools in an attempt to remove Oklahoma from the national rating of number 45.

Is the plan to abandon the present system of public school funding and evolve another process? Do the majority of Oklahomans want their children in charter/private schools? We need to be talking to our legislators ASAP.

I would recommend that the governor concentrate on supporting public schools and do the following: (1) initiate an analysis of how we prepare school administrators (leadership and change comes from this group not the school boards); (2) think outside the box and overhaul classroom discipline as many teachers leave because of disruptive students and classroom chaos; (3) cancel the four day week; (4) develop a school merit program to financially reward an entire staff/faculty for achieving overall excellence; and, (5) consolidate many districts. There is much more to do, but this is a start.

Public education in Oklahoma is rated at the bottom nationally because of the lack of leadership from the State Superintendent's office and the lack of commitment of many parents to their children's education. Public education must be top priority. Oklahoma must find a fearless leader for public education to take charge and pioneer a new path to overcome the present sorry state of affairs within our families and schools. Oklahoma

must do better.

News from Capitol Hill

A speech of deflections

Congressman Tom Cole

Last week, President Joe Biden delivered his State of the Union address to a joint session of Congress amid our nation's mounting and worsening crises.

Unfortunately, instead of addressing runaway inflation, the overrun southern border and the increasingly aggressive and emboldened Communist China, he used his speech to deflect from these issues that matter most to Americans.

In two years under Democratic control of the presidency and Congress, our nation's economy has been unable to fully recover from the coronavirus pandemic.

Democrats and President Biden's out-of-control spending, Green New Deal policies and high-tax plans have caused prices on just about everything to skyrocket, and Americans are severely struggling financially. While Americans pay

for a carton of eggs, inflation is undoubtedly the most important issue.

I was disappointed the president proposed more spending and policies that would not help ease this crisis but would even make matters worse.

While I hope the president will come to the table and work with Republicans this Congress on spending reforms that adequately address America's debt ceiling and ever-growing national debt, I am appalled by the president's false claim that Republicans would allow Social Security and Medicare benefits to sunset.

To be clear, no Republican wants these programs, which millions of American seniors rely upon, to end. However, we understand that reforms must be made to save the program and ensure its solvency for future generations.

In fact, the president's deputy

more than double the amount press secretary dismissed the idea of a commission, like the one proposed in my Bipartisan Social Security Commission Act, to find solutions to save Social Security, calling it a "death panel." The Social Security Trustees have only told us repeatedly the program will soon become insolvent.

If the president is really interested in preserving benefits, as we all are, then he needs to act with Congress to ensure the program's solvency.

Otherwise, the very cuts he fears will happen, and they will be steep. Refraining from entertaining a conversation about the issues facing the programs shows he is not actually serious about leading or preserving these benefits.

The president also offered no solutions to his self-made historic humanitarian and national

President Biden can fix this crisis by finishing the border wall construction, providing enough border patrol agents, equipping them with the necessary tools they need and working with Republicans on fair but just immigration reforms. This crisis has gone on for too long and must be resolved soonest.

In addition, as this balloon traveled over our nation's military installations, we do not know what critical and sensitive information was communicated back to the Chinese Communist Party.

President Biden and his administration must answer questions on this blatant failure to promptly detect and take down this spy machine. I am disappointed that there was no mention of this failure in his speech nor answers provided

Finally, the president failed tected traveling from Alaska to mention a plan to unleash across the United States to the North American energy pro-Atlantic Ocean. Furthermore, as efforts to improve transportation and infrastructure within our country continues to be a priority for this president, in my new role as Chairman of the Appropriations Subcommittee on Transportation, Housing, and Urban Development, I hope he and I can work together in good faith to find bipartisan solutions to our nation's infrastructure needs.

Governors from across the country gathered for the 115th winter meetings of the National Governors Association, held D.C. Stitt was one of four chosen to ask a question of President Joe Biden when the White House on Friday.

"We talked about kind of an all-of-the-above energy approach. I was asking the president 'let's take our foot off the brake and allow more innovation," said Stitt, who spoke with Gaylord News on Saturday.

"Let's let the free market flourish and to meet the needs of Americans. I think Oklahoma has a great energy story to tell, we are one of only four states that 50 percent of our energy comes from renewables so we can all be really proud

According to the U.S. Energy Oklahoma Gov. Kevin Stitt Information Administration, in the year 2021 wind made up 41 percent of Oklahoma's total electricity net generation, which surpassed natural gas' share for the first time. The state ranked third in the United States in total electricity net generation from wind.

Stitt, a Republican, and the Democratic president have not seen eye-to-eye on many issues, but Stitt said he and Biden agreed on lowering the costs of electricity and fuel.

Stitt said he came away with "We are a huge oil and gas a positive outlook for the future.

"It's exciting when you can sit down and talk with one another and it's not so political with this side versus this side or shirts versus skins, let's just sit down and focus on making the U.S. the strongest country in the world," Stitt said.

"I want to make Oklahoma a top 10 state in everything we do. I told the president it's one team, one fight, we are all in this together and to make the lives of the American citizens better," Stitt said.

MEET OUR OFFICERS

Mitchell Gulliver

How long have you been in law enforcement? Between military and

civilian police service, I'm coming up on 12 years in July.

What made you interested in becoming a policeman? I think at some point every little boy dreams of becoming a firefighter, doctor, or policeman. But for me, I didn't care as much about what job I was going to have, but instead how I could help people the most. Growing up in a low-income community, the police were always around and always helping people. I figured out quickly that's what I was meant to do.

Where is your home town? Del City, OK

Family? My wife's name is Paige, and we have known each other since we were 14 and 15 years old. We have three amazing children Kendall (10), Leighton (3), and Holland (10 months), plus our two cats and dog. We have a very busy household!

What is the most rewarding part of your job? The people and relationships I get to build. Showing up when someone is having the worse day of their life and being able to make a difference. Nothing feels better than someone walking up to you a week, month, or a year later and telling you how good you made them feel during a call.

What is the most challenging part of your job? Being a police officer is so much more than enforcing laws now. We need to be lawyers, counselors, civil rights experts, marksmen, professional drivers, medics... the list goes on and on. It can be overwhelming, but also offers a unique challenge to constantly improve

veterans and their dependents with obtaining benefits each Monday from 9 a.m. to 1 p.m.

The Post provides VAaccredited officers who are available to help with applying and processing claims for financial compensation, pension and death benefits, temporary financial assistance and additional government programs, Ellison said. All services are provided free of charge, and walk-ins are welcome.

Extensive renovations to the approximately 90-year-old Post building are being funded by a \$330,000 American Rescue Plan Act (ARPA) grant received from Cleveland County.

Long-term, the goal is to expand the veterans' assistance program to more than one day per week, Ellison said.

Norman's Post remained open throughout the pandemic, and has obtained millions of dollars in benefits for vets and their dependents over the past three years, a factor which was significant in obtaining the ARPA funds.

"This grant is a game-changer for us," Ellison said. "On behalf of the American Legion and the hundreds of veterans, service members and families we are able to serve each year, we are grateful for the ongoing support from our county leaders and the Norman community."

Grow tasty and nutritious leafy greens indoors

For The Purcell Register

Boost the flavor and nutritional value of winter meals by growing a container of greens indoors. Plant, tend and harvest greens for garden-fresh flavor now and throughout the year.

Green leafy vegetables are healthy sources of carbohydrates, typically rich in fiber and nutrients, while also being low in fat and calories.

Many of these vegetables can help reduce the risk of stroke, anemia, high blood pressure, certain cancers, and diabetes. They also help improve the health of your gut, heart, bone, and skin while boosting your body's immunity.

To create your own indoor garden of greens, all you need are seeds, a container, potting mix, and a sunny window or artificial lights.

Select a container or planter with drainage holes or reduce maintenance with the help of self-watering containers like the Viva Round or Square selfwatering planters. Their water reservoirs reduce watering frequency.

Fill the container with a quality potting mix that is welldrained and retains moisture. Plant seeds as recommended on the seed packet.

Services for Glen Darrell Box, 85, of Denton, Texas, will be held at 1 p.m. March 25, 2023 at the Rosedale First Baptist Church, 37740 Arkansas Ave., in Rosedale, Okla.

Mr. Box was born on May 8, 1937 in Rosedale, Okla., the son of George Roy and Ethal Rodgers Box.

He married the love of his life, Isa Bernice (Edens) on April 17, 1960 and raised his family while serving the Houston bedroom community of Friendswood, Texas, owner of an appliance sale and service company.

Glen is remembered as a soft-spoken humble, decent, honorable man with a subtle sense of humor and a contagious belly laugh. Over the years and through many moves, he always maintained a majestic garden and when he didn't have an orchard at hand, was known to go to tremendous lengths to secure a good bushel of peaches. He passed his love of gardening to his children and grandchildren, spending at lease a half hour per week answering his grandson's questions about the rearing of a proper crop of stonefruit, corn, squash and tomatoes.

Melba Allene (Aulds) Cash

Louisiana.

Melba Allene (Aulds) Cash, born May 16, 1931, to Lemond Aldeen Aulds and Ruby Lillian (Hendrix) Aulds in Choudrant,

Melba's joy was her three children, "Jeannie Gal" (Williams) Merrill, Donna Marie (Williams) Lile, and Richard Alan Williams. Each of them predeceased her and she missed them sorely the rest of her life.

Though Melba held various jobs throughout her life, her natural talent for sewing was

the one thing that brought her the most satisfaction. She crafted many beautiful prom dresses and wedding gowns for her family and friends and smart looking clothes for herself. Wherever she went you could often hear her called "Aunt Melba" by family and friends alike. She also became a pretty good golfer after she married her husband, L.B. and she could always be counted on to enjoy a good board game or game of cards.

In the circle of her family, she was most famous for her peanut butter candy and the unconditional love she gave. She often said that if she couldn't figure out how to do something, she would sleep on it and God Himself would show her how to get it done.

At a revival in a small Baptist Church in Oklahoma City, Melba accepted Christ as her personal Lord and Savior and was baptized at the age of twelve. She remembered walking home on clouds that night, and she often said He took care of her the rest of her life; even when she was so angry about losing Donna at an early age. She drew closer to the Lord in 1984 and maintained a rich relationship with Him until he took her Home.

Having lived in various places over her long life, she settled in the McClain County community and joined the Union Hill Baptist Church during a revival in 2008. She had a very special bond with her church family, including pastors and staff members. Melba attended the Union Hill Widows Card Club weekly for some time, then hosted it in her home when she could no longer travel with her oxygen.

Melba was preceded in death by her parents; two sisters, Verna Mae Hungerford and Nellie Rhoades; two brothers, Raymond Hubert Aulds and Monty Max Maxwell; her children; her loving husband, L.B. Cash and sons, Ron Cash and Rick Cash; and one great-granddaughter Mercedes Cash.

She is survived by her daughter, Carol Large; granddaughters, April LaDawn Hill, Chastity Horton, Debi Large, Patti Binger, Monica Walton, Carla Coker and Mandy Davison; grandsons Charles "Trace" W. Merrill III, Thomas Gene Merrill and Jason Allen Merrill and Barry Cash; great-grandchildren, October Merrill, Autumn Merrill, Riley Merrill, Jacob Merrill, Skylar Merrill, Christopher Merrill, Phoebe Weidner, Samuel Hill, Katherine Hill, Ruby Hill, Brandon Pfeifle, Allyson Pfeifle, Madison Pfeifle, Dylan Cash, Stormi Cash, Jazmine Cash, Denver Davison, Kamryn Davison, Brody Walton, Ben Coker and Kate Coker, and a host of loving family and friends.

She touched the lives of so many people who will remember

her laughter, her kindness, and her love.

The family will be holding a memorial service at 2 p.m. on Saturday, February 18, 2023, at Union Hill Baptist Church in Purcell, Oklahoma. Memorial service is under the direction of Union Hill Baptist Church of Purcell. Cremation arrangements are under the direction of Eisenhour Funeral Home of Blanchard, Oklahoma. GOP study committee chairman warns against "mandatory cuts" to trust funds

Gaylord News

Oklahoma Rep. Kevin Hern on Wednesday called for a bipartisan commission on Social Security and Medicare following sparring over the two trust fund programs between the president and GOP lawmakers at Tuesday's State of the Union

with resounding disapproval from Republicans when he said some GOP lawmakers wanted to sunset Social Security and Medicare. Biden then went off script, proposing an informal agreement to protect the trust

"So folks, as we all apparently agree, Social Security and Medicare is off the books now, right?" Biden said, which prompted a standing ovation on both sides. "We got unanimity."

Hern, chairman of the House Republican Study Committee, said trust fund insolvency threatens cuts to Social Security and Medicare.

"Anybody and everybody that's not in politics that understand the trust funds—the Medicare trust fund and the Social Security trust fundwill tell you that Medicare will have mandatory cuts across the board in four years, and Social Security will in eight,"

Biden was referencing a proposal from Sen. Rick Scott (R-Florida) that would require all federal legislation—including Social Security and Medicare—expire every five years.

"If a law is worth keeping, President Joe Biden met Congress can pass it again," Scott reiterated after Tuesday's State of the Union address.

Hern (R-Tulsa) said he remains opposed to cutting Social Security and Medicare benefits for seniors, but said something needs to be done to prevent trust fund insolvency.

"We need to sit down—in a bipartisan way-have a commission on Social Security," Hern said. "That's the easier one to look at and structurally fix for the future, so it's guaranteed we will have that for our seniors."

The last time Congress had a commission on Social Security was under George W. Bush in

Oklahoma Rep. Tom Cole (R-Moore) said a spokesperson for the White House dismissed on Tuesday the idea of a Social Security commission.

"The only reason the White House would dismiss a commission to reform and find solutions to save Social Security is that it must be afraid the The Congressional Research commission would recommend something the president does

At Cole's first town hall of the new Congress, an Oklahoman from Ninnekah asked if Congress was going to stop

Social Security insolvency.

"We're not in any immediate danger, but the sooner you take care of it the better off you are," Cole said in answer to the question.

Cole also said Medicare is in a more immediate jeopardy.

"We would still continue to provide the services, but you would have a huge cut in what we pay [medical] providers," Cole said. "A lot of them would simply quit taking care of Medicare patients — we can't have that."

Cole reiterated that he doesn't favor cutting benefits for Social Security or Medicare, citing that they are popular programs that Americans put their money

Hern and Cole both want to deal with the issue in a bipartisan manner, but believe the president is not on the same

"To not even entertain a conversation about the issues facing the programs shows he is not really serious about leading or preserving Social Security,' Cole said.

STATE QUESTION ANALYSIS

One question will appear on the March 7, 2023, Special Election Ballot. This initiative petition was placed on the ballot by gathering signatures from citizens. The question is reprinted here as it will appear on the ballot followed by a brief summary.

STATE QUESTION

Legalizing recreational use of marijuana for persons 21 or older.

INITIATIVE PETITION 434 STATE QUESTION 820

This measure creates a state law legalizing recreational use marijuana for persons 21 or older. Marijuana use and possession remain crimes under federal law. The export of marijuana from Oklahoma is prohibited. The law will have a fiscal impact on the State. The Oklahoma Tax Commission will collect a 15% excise tax on recreational use sales, above applicable sales taxes. Excise tax revenues will fund implementation of the law, with any surplus revenues going to public school programs to address substance abuse and improve student retention (30%), the General Revenue fund (30%), drug addiction treatment programs (20%), courts (10%), and local governments (10%). The law limits certain marijuanarelated conduct and establishes quantity limits, safety standards. restrictions, and penalties for violations. A local government may prohibit or restrict recreational marijuana use on the property of the local government and regulate the time, place and manner of the operation of the marijuana businesses within its boundaries. However, a local government may not limit the number of, or completely prohibit, such businesses. Persons who occupy, own, or control private property may prohibit or regulate marijuana-related conduct except that a lease agreement may not prohibit a tenant from lawfully possessing and consuming marijuana by means other than smoking. The law does not affect an employer's ability to restrict employee marijuana use. For the first two years, marijuana busi-

ness licenses are available only to existing licensees in operation

one year or more. The law does not affect the rights of medical

marijuana patients or licensees. The law requires resentencing,

reversing, modifying and expunging certain prior marijuana-related

judgments and sentences unless the State proves an unreason-

able risk to a person. The Oklahoma Medical Marijuana Authority

is authorized to administer and enforce the law.

SUMMARY: After collecting more than 160,000 signatures, State Question 820 will appear on a Special Election ballot March 7, 2023. Supporters had hoped to have the question on the November 2022 General Election ballot but were stymied by the signature verification process. All voters are being asked to allow adults, 21 years of age and older, to legally purchase and consume cannabis from licensed dispensaries. Marijuana use and possession remains illegal under federal law.

Since the approval of medical marijuana by voters in 2018, Oklahomans with marijuana licenses are currently able to purchase cannabis products from licensed dispensaries. To date, more than 360,000 Oklahomans, or more than 9 percent of the state's population, have licenses to purchase cannabis from the hundreds of dispensaries that have opened in the

The state law allows local governments to impose restrictions on the location of dispensaries but it may not limit or prohibit such businesses.

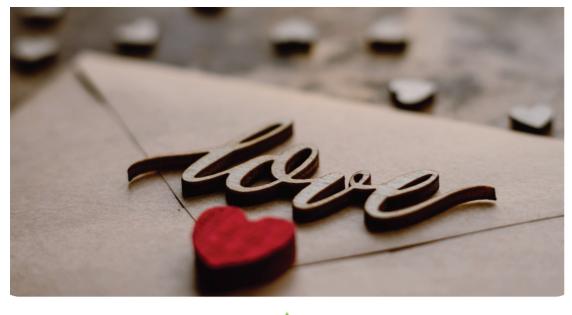

Just like medical marijuana regulation, the Oklahoma Medical Marijuana Authority would be in charge of business regulation. A yes vote on March 7 would allow Oklahoma adults to possess up to one ounce of marijuana, six plants and six seedlings.

The 15 percent tax on marijuana sales is in addition to state and local sales taxes.

It is believed to be one of the first times in U.S. history where a marijuana issue is the only question on the ballot. Twenty one states and the District of Columbia have legalized the purchase and consumption of marijuana for recreational purposes.

EmilyMontgomery The Purcell Register

The Wayne Bulldogs picked up a 44-41 win over Strother in the District tournament. They lost a close, 69-66, game to Southwest Covenant on Saturday. Both Wayne and Southwest Covenant move on to Area.

The Bulldogs play Thomas-Fay-Custer (3-19) today (Thursday) at 3 p.m. at Southwest Covenant in Yukon.

Wayne took an early 2-0 lead over Strother last Friday, but struggled to make shots and fell behind 16-4 after the first quarter.

Despite being down and struggling offensively, the Bulldogs regained the lead in the fourth quarter and pulled out the three point win.

"We kept chipping away. The guys didn't give up and they played like they wanted it more," head coach Jackson Embry said.

Senior Kaleb Madden had 18 points in the win. Jaxon Dill joined him in double

figures with 12. "Kaleb had a good game. He's been struggling to get the ball in the hole, but this was a game that helped his shooting.'

Wyatt Webster, who had six points in the win, was another Bulldog who Embry said played a big role in the win. The win on Friday set up

a game with host Southwest Covenant.

"We knew they were a ranked team and it would be a tough game," Embry said.

The Patriots held a 41-30 lead at halftime. But, once again, Wayne chipped away and outscored the Patriots in the third and the score was tied up, 52-all.

"We took the lead in the fourth quarter but Wyatt fouled out and that put us in a bind," Embry said.

Washington's defense was a bright spot once again and they held Marlow's leading scorer to two points - which

weren't made until the fourth quarter.

"Limiting the opposing team's best scorers is something we're doing well right now," Simon said.

Lindert and Scheffe again paced the Warriors in scoring with 14 a piece.

Preslee Johnson added 13 more.

Washington, now 22-0 and still ranked No. 1 in Class 3A, played Classen SAS Tuesday night in a tune-up for the playoffs.

I'm repeating some of the thoughts from last time. I think they are so important for us to pay attention to.

No matter what gifts God has given to us, and no matter what God loves us equally, no matter our religion, our creed, our individual beliefs, our race, our gender, our sexual identity, if we don't carry out our lives with love for others, our actions are worthless.

This week let us live our lives in showing our love for God by showing agape love to all God's children. Remember, agape love wants for others-all others-what we ourselves ask for from God. Grace is given to all of us by God because God loves us. All we have to do is accept that forgiveness and pass that love on to others.

Dibble Senior Citizens

Greetings to the Seniors of the Dibble Community!

Great things are happening at the Dibble Senior Center. We are in full swing with serving the community food from our food bank. We have been giving out an average of 130-140 boxes each Friday. Just a reminder our hours are Monday and Wednesday 10-11:30 a.m. inside pick-up and Friday 9-11 a.m. drive through.

At Dessie's Diner our cooks, Ms. Charlene and Mr. Bob, have been fixing up some hot home-cooked meals. Menu for the week of 2-20 is as follows.

Monday—Stew and sandwiches.

Wednesday—Chicken fried steak.

Friday—Steak and shrimp.

Always remember our menu is subject to change without notice but rarely does.

We had a fun time going to watch the OU girls basketball team play against the Mountaineers of West Virginia which they won. Go Sooners.

Everyone loved celebrating Love Day (Valentines) on the 10th by receiving a a bag of candy fixed up from our Activities Coordinator Irma David and her helpers.

We would like to invite all to come by some time for lunch, sit a spell and enjoy the fellowship on Mondays, Wednesdays and Friday at 12 noon for a good home-cooked meal.

Until next time,

warriors:

and keep the schedule tough," Simon said.

Boys

The Warrior boys played Lindsay for the third time this season and won, 63-58.

After a slow start to the game Washington found their stride in the middle quarters.

"We played well and executed pretty well offensively," head coach Trevor Smith said. It was a slow start but we got going in the second and third quarters."

Despite giving up 28 points to Lindsay center Ryein Kennedy the Warriors led for all but one possession in the second half.

"He is a huge problem for us," Smith said.

Senior Hayden Hicks led the Warriors in scoring with 17 points.

CashAndrewshad 14 and Sam Hedenberg finished with 10.

Marlow

Marlow defeated Washington 46-41.

The Warriors were up by four points with three minutes to play but after a series of unfortunate events the lead evaporated.

Washington was burning some clock near the end of the game and had a chance for a lay up, which they missed, to go up six.

They instead gave up a threepoint play on the other end. Washington turned it over the

next two possessions and both led to Marlow scores.

"It snowballed real quick the last 2 1/2 minutes," Smith said. We were on a five-game win streak and playing pretty well."

Playoffs

After Dove Science forfeited Washington is in the winners bracket in the Regional tournament.

They'll play the winner of Beggs and Chandler Thursday, Feb. 23 at 7:30 p.m.

The Warriors are 14-8 and ranked No. 16 in Class 3A.

Dale K. Graham Veterans **Foundation**

One of the things that all of our volunteers have in common is their passion to make a difference in the lives of veterans and their families. Every day the men and women who have served in the military find their way to our Veterans Foundation for help with their VA claims and questions.

Currently we have 18 volunteers who are accredited by the VA to represent veterans and surviving spouses with their applications for benefits. We are very proud of all our volunteers and staff who are doing so much for the men and women who have served our country.

Last week we had three veterans approved at the 100 percent disability rate and 26 received ratings between 10-90 percent. We appreciate all of our volunteers who worked diligently on these claims. I know these veterans are thankful for your continued service.

Each week we work to let folks know about the many changes that VA is making on who is eligible for benefits. One of the big changes came with the Pact Act which went into effect January 1, 2023. This Act establishes presumptive exposure to Agent Orange for veterans who served near burn pits.

If you served in any of these locations and time periods, on or after September 11, 2001, in any of these locations: Afghanistan, Djibouti, Egypt, Jordan, Lebanon, Syria, Uzbekistan or Yemen. The airspace above any of these locations, and on or after September 11, 2001, in any of these locations: Afghanistan, Djibouti, Egypt, Jordan,

Lebanon, Syria, Uzbekistan or or at our location at 1233 West Yemen. The airspace above any of these locations, we've determined that you had exposure to burn pits or other toxins. We call this having a presumption of exposure.

Many of the veterans who served at these locations during the time frame established will be eligible for presumptive service connection for the conditions that are associated with Agent Orange exposure. When a veteran passes away and he or she served in any of those locations, their spouse and dependents may be eligible to receive VA benefits. We encourage everyone to think about where their veteran served while in the military. There are countless families who could probably qualify for benefits based on the changes to the Pact Act.

As an accredited VSO we share the responsibility of serving our Nation's veterans.

Please subscribe to our You-Tube channel at https://youtu. be/a9Tw9d7yFV4 to help us educate more veterans and ensure they get all the benefits to which they are entitled.

As a 501-3 C Non-Profit we receive the donations of wheelchairs, both power and manual. We loan these out to veterans in need. We also accept the donation of Cars and Trucks that can be given to Veterans or sold to raise funds to help provide our services.

Last week the lease was up on our foundation truck and it was turned back into our local Ford dealership. If any of you have a good truck for sale I would like to buy one that could be used to pull our enclosed trailer and to drive to our Veterans Foundation daily. If you have one for sale, please call Dale @ 405-609-9895.

We are continually requesting that more volunteers sign on to help us to process the increased number of veterans who are requesting our assistance with their VA claims and questions. Since going digital we have positions for people our community. who want to work from home

Lindsay in Norman.

For those of you who need to begin the process, we have an easy way for you to start your claim for VA benefits. Just log on to DKGVF.ORG to fill out our intake forms. As we have gone digital some of the veterans we help may never be required to visit us in person. This will also make it easier for some of the people who we help who live in other states or countries.

We are a 501c-3 non-profit organization and there is never a charge for the services we provide to veterans and their families. We do accept financial contributions to be used to support veterans and this organization. We also accept donations of wheelchairs and other types of handicap equipment that can be given to other veterans or their families. Other items that we accept are cars, trucks, motorcycles, or items that can be given to veterans or sold to raise funds.

We are open to active clients Monday, Tuesday and Thursday from 9 a.m. to noon each day.

To donate to our Foundation, you can do so online at dalekgrahamveteransfoundation.org or mail a check to Dale K. Graham Veterans Foundation, 1233 West Lindsay, Norman, OK,73069. You can contact us on our website or by calling 405-550-8806.

Charles Christopher Palmer appointed Chickasaw Lighthorse chief of police

Chickasaw Lighthorse Police Chief Charles Christopher Palmer

ADA, Okla. - Chickasaw Nation Governor Bill Anoatubby appointed Charles Christopher Palmer Chickasaw Lighthorse Police Department chief of police to fill the leadership vacancy created when former chief Michael K. Manning recently retired.

"Chief Palmer has the education, training, and experience needed to continue the record of effective leadership of the Chickasaw Lighthorse Police," Governor Anoatubby said. "During his career he has served in a variety of roles, allowing him to gain keen insight into the history, operations, and goals of the department. He is well prepared to lead the when the direction Certification from the department as it works

enhance individual security and effectively administer justice."

Palmer's 17-year career in law enforcement began in October 2005, a year after the department itself was reestablished in the modern era.

"I told Governor Anoatubby I was a 22-year-old kid when I started with this department, so the Chickasaw Nation is the only thing I've ever known," Palmer said. "As this department has grown, I've grown. I've matured with this department and with the

Chickasaw Nation." In 2005, Palmer was a college student working in a convenience store of his life took a lean

goal he always had in mind. Jason O'Neil, then Lighthorse police chief, walked in and suggested he apply for an open position on the force.

"I knew I always wanted to get into law enforcement but didn't really know where I was going to start," Palmer said. "No one had really heard of the Chickasaw Lighthorse Police Department and I didn't know what it was, but just by God's timing I was able to get on with the department."

Palmer is a graduate of the Federal Law **Enforcement Training** Center, Indian Police Academy, and maintains an Advanced to pay school expenses Law Enforcement Oklahoma Council to protect public safety, forward toward the on Law Enforcement

Education and Training. He earned a Bachelor of Arts degree with a major in criminal justice as well as a master's in human resources from East Central University.

He is expecting to complete his doctorate in education with a concentration in organizational leadership and conflict resolution in 2025

Palmer's 17 years have provided a wide array of law enforcement experiences. After a couple of years as a patrolman, he became a K-9 handler before taking advantage of an opportunity to transition to a child support investigator.

"One of the functions of that job was investigating locations of individuals," he said. "It really honed my investigative skills in tracking individuals down, which helped when I transferred to our criminal investigations division in 2013.

A few years later yet another new opportunity opened with the creation of Lighthorse's Professional Standards Division. There, he was charged with the responsibility of ensuring all policies and procedures were followed and training requirements were met, in addition to overseeing internal affairs investigations.

"I spent about a yearand-a-half in that role and was then promoted to captain over our investigation division where I supervised the caseload over our criminal investigators and their case management. I also continued advising our training department and our evidence department as well." he said.

administrative services division was created to better align the organization and ensure personnel in the field are fully equipped to carry out their duties.

"The public doesn't really know what goes on behind the scenes to make a department function," he said. "(The job entailed) ensuring our officers had proper equipment and vehicles they could drive and that our communications center was up and operating efficiently. When I was transferred into that role, I assumed responsibility for, and took over, all behindthe-scenes functions, which included our evidence, property, fleet, records, training and communications division."

Palmer said while he has goals for the department, previous leadership has already set the stage for continued success.

"The department is headed in a great direction. It's one of those things where, stepping in to lead this department, I don't have to come in and make a bunch of changes because the organization is really in great shape.

"We have great leadership and have always had great leadership. That's one of the fortunate things about working for the Chickasaw Nation. They put great leaders in place, and I've had great leaders as mentors over the years. Just to name a few, Jason O'Neil, Mike McCov, (current Lighthorse Police Commissioner) Randy Wesley, (and) Mike Manning, our previous chief, all have provided great mentorship for me over the years.

Training, education,

building community relationships and taking advantage of the latest technological advances are high priorities.

"We really highlight our staff and encourage them to seek additional training and leadership. We encourage all our officers to get as much education and training as they can. The more we can place highly trained and educated officers in our communities, the stronger our communities become.

"Some of our goals are just to continue on the path we've been for the past 18 years and advancing our law enforcement capabilities through building our community partnerships and increasing our technology to operate at the highest capacity possible.

"We want the most advanced technology that's available, because it makes better officers, which in turn makes a safer community for us to live in as we strive to serve all citizens of the Chickasaw Nation."

Palmer said that includes non-First American residents too. "If they're a resident of the communities we serve, we're going to provide a law enforcement service to them," he said.

"I was very surprised and very shocked but very honored to step into this role when Governor Anoatubby appointed me. I'm excited to move into this position and excited for the future of this department. I've gotten some great feedback from our staff here. There's a lot of excitement going on in the department and what the future is going to hold for us."

Career development opportunities available for young Chickasaws

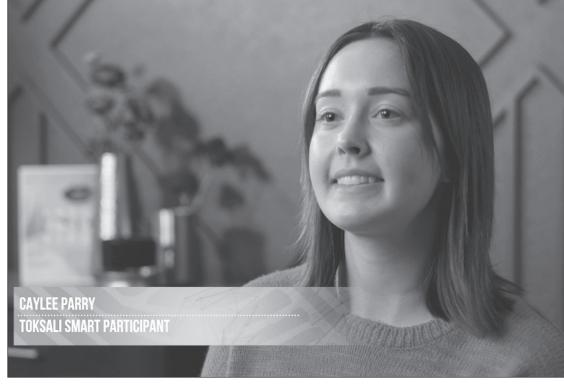

Alexis Walker appreciates the benefits of Toksali SMART because she is a graduate of

the program. "The Toksali SMART Program is beneficial for our youth," said Walker, Toksali SMART curriculum design manager. "It provides the opportunity (for participants) to see careers in a different way. It also builds life and wellness skills that they may not be receiving in public schools."

The Toksali SMART (Successful Mindsets with Attitude and Readiness for Tomorrow) Program was developed by the Chickasaw Nation to train teenagers and young adults on what to expect while in the workforce. The program — formerly known as the Summer Youth Program — gives Chickasaw youth the opportunity to gain valuable work experience and leadership skills.

Toksali, the Chickasaw word meaning "to work," is a summer program that offers workforce training, mentoring and entrepreneurial experience to Chickasaws ages 14-21.

The program strives to help Chickasaw youth develop productive work patterns and behaviors in real-world environments. Throughout its inception, the Toksali program has collaborated with many businesses and organizations within the Chickasaw Nation.

Caylee Parry participated in the Chickasaw Nation's Toksali SMART Program. The program is currently accepting applications until Feb. 28. For more information, call (580) 310-9240 or visit Chickasaw.net/ToksaliSMART

These collaborations give Chickasaw youth the ability to explore career opportunities and develop employment skills that align with their future goals and interests, while also strengthening the community workforce.

Experiences within the program may include virtual pre-employment training, job shadowing, mentoring, leadership opportunities, onthe-job training and more. In addition to the hands-on opportunities, participants also learn many skills in a virtual training environment.

"I really like the online course because it taught me about banking systems and how financing and budgeting works," Toksali SMART participant Caylee Parry said. "They also covered things like how much you should exercise each day. I feel like the courses are informative."

Topics of study within the Toksali program include learning the Chickasaw Nation's core values, being introduced to the Chickasaw language and other cultural experiences, attending wellness and nutrition seminars and learning about customer service and leadership skills.

"The Chickasaw Nation benefits from the Toksali SMART Program because it builds future leaders and employees," Walker said. "We see many of these students

come back to work for the tribe. I am a product of the Toksali SMART Program myself."

Program participants are divided into three categories based on age. Level I (Chaffa) is designed for students ages 14 and 15. They experience 100% virtual pre-employment training. They have the most flexible schedule of the groups. Level II (Toklo) is for students ages 16 and 17. Level III (Tochchi'na) is designed for 18 through 21-year-olds to explore their career interests. They participate at on-thejob training sites and follow the dress code appropriate for their position. They also complete a virtual training curriculum that is incorporated into their work schedule.

"The advantages of the virtual program is that we are able to offer our younger students a better way to go about learning preemployment skills," Walker said. "This is better than putting them on a job site with no skills."

To best serve both participants and the community, Toksali offices are located in Ada, Ardmore, Purcell and Tishomingo. To learn about program participation requirements or for more information, visit Chickasaw.net/ToksaliSMART or call (580) 310-9240.
