Getting back to it

As we welcome students, faculty, staff, coaches and everyone else back to school for the 2021-22 academic year, it is important to remember everything that we have been through in the past year and a half. From mask mandates, to virtual learning, many adaptations have been made to accommodate the need for continued education.

After last year's sports seasons were condensed into the final months of the school year, we seem to be getting back on track in terms of a more traditional sports schedule. With that in mind, it is important to follow each school's protocols when it comes to playing in/attending a sporting event. While it may be frustrating to have to follow certain rules that you might not agree with, putting safety at the forefront is important so that these kids can continue to do what they love.

After losing sports completely in the second half of the 2019-20 school year, Covid robbed a country full of student-athletes the opportunity to play their senior year. In 2020-21, sports seasons were shortened, but coaches and kids adapted to it and made the best of what they were given.

Now, in the 2021-22 school year, students are starting with the opportunity to have a full slate of sports, and we have to do our part to allow these kids the opportunity to play sports, attend

school, participate in after-school activities and just be kids again, without the constant drastic changes to their day-to-day lives.

Now that the fall season is beginning to get underway, we encourage everyone to get out to a few games and cheer on the children that have continued in their extracurricular careers despite everything that has been thrown their way. We would also like to welcome all the incumbent 7th graders to modified sports, as well as congratulate the players that have moved up to the higher levels such as JV and varsity, we wish you the best of luck in your careers as student-athletes.

It is also important to recognize the students that do other activities besides sports. Whatever you decide to do, whether it is participating in clubs and sports, or just focusing on your classes, we appreciate your hard work and dedication to your education, and we wish you the best in your 2021-22 school year and beyond.

**Wishing all local athletes
a happy & healthy season!**

Your child's safety is our priority.

Coach: Amy Hobby

Top Returning Players: Maritza Rivas-Joya (12th) and Sierra Kaplan (11th).

Key Losses to Graduation: Taylor Lehman and Kayla Millas.

Team Strengths: The team this year has a don't quit attitude that will definitely carry them through the season.

Need to Work On: Playing together as one unit. We have a lot of freshmen that have moved up this year that have never played with the juniors and seniors so they're

still working on figuring out each other's tendencies on the court.

Coach's Comment: "We continue to be a young team but with a lot of potential and a thirst for knowledge. The main goal for the season is to continue to improve every week while maintaining a supportive team mentality. These young ladies are hungry and aren't going to go down without putting forth their best effort."

Monticello Girls Tennis

Coach: Emily Woudenberg

Top returning players: Seniors: Marley Wells, Liza Mitchell, Kailey Ocasio, Madison Fields; Junior: Allison Weinstein.

Key losses to graduation: After this season the key loss will be the experience and leadership. All underclassman are beginner players just being introduced to the sport. The experience and leadership of the upperclassman is paramount this year and they've shown it each day on and off the court.

Team strengths: Positive attitude, love of the game, inclusive team atmosphere, hunger to get better each day.

Need to work on: Our biggest challenge as a program is closing the gap between beginners and experienced

players. I think this will be best done with continuous efforts to promote the sport and advertise, and an increase in student interest and participation will allow us to build a Varsity, JV, and maybe even modified team in the future. Players will be able to build upon their skills and compete at a level appropriate to their skill levels.

Coach's comment: "My goals for this season are to promote the program, build more interest in the district, provide the players with memorable experiences, and teach physical skills to maintain interest in the sport throughout their lifetime, and the character building skills to become better equipped adults after graduation."

Coach: Ron Bauer

Last season's record: 3-2, second in division.

Top returning players: 9th and 10th graders coming up, Rally Cruz, Jacob Hubert, Max Ebert and Rodney Wilton, (new). More experienced returnees include Gavin Hauschild, Chris Campanelli and Ryan Joyce-Turner.

Key losses to graduation: Jason Gaebel, Justin LeConey and Frank Decker.

Team strengths: Blend of experience and new additions. We have a big offensive line, and quick running backs.

Need to work on: Getting the players to work together and learning some new offenses.

Coach's comment: If you keep improving we'll be competitive, can't afford any injuries and gain experience. Improve on last year.

The Bulldogs started off their season with a big win over Spackenkill. Top Returning Players: Grace Boyd, Sr.; Anna Bernas, Jr.; Taylor Brustman, Sr.; Riley Ernst, Sr.; Riley Johnston, Sr.; Abby Keller, Sr.; Mia Nunnari, Sr.; Annabelle Rutledge, Sr. and Taylor Wall, Sr.

Key Losses to Graduation: Emily Bair and Jordan Sullivan.

Team Strengths: We have a good number of players and they are excited about this season. We have experience in many positions and a few newcomers that will help as the season progresses. This should be a very exciting season!

Things to work on: I think the biggest things are conditioning and team chemistry. We have girls from JV, Varsity, and new players. It will take some time for them to mesh on the field. Hopefully once they do, we will see some really solid soccer!

Coach's comment: "I would like us to be competitive in all our games,

make sectionals, and play solid soccer towards the end of the season! I think this could be a very exciting group to watch at the end of the season."

Sullivan West Cross Country

Coach: Skylar Musa

Last season's record: Last year none of the league meets were scored so there was no league champion and there were no sectional races.

Top returning players: Reece Maopolski and Karl Swanson.

Team strengths: The cross country team at Sullivan West has an extremely positive attitude. They have built a great team atmosphere and are very supportive of one another. The cross country team always does what is asked of them to the best of their ability. From a coaching perspective, these strengths are wonderful to have because it is much more important to have coachable athletes than athletes who do not always want to give 100 percent.

Need to work on: Most of the team still needs

to work on connecting with the race from the start. I think a lot of this stems from not being fully confident in their ability to "hang" and there are certainly circumstances where it is not appropriate, or you simply fall off the pack. However, putting yourself in the race early on keeps you engaged longer and gives you a better chance of being competitive at the finish line.

Coach's comment: "The biggest road block for our team is the fact that we do not have enough members to score as a team. If both the boys and girls had 5 or more runners, we would be a fairly competitive program. That being said, the goal this season is seeing how many of our runners we can get to the NYS Championship meet, advancing off of their individual performances."

Sullivan West Volleyball

Coach: Helene Chappell

Last season's record: 0-7-0

Top returning players: Our seniors are; Gabriella Cohen, Amanda Dirig, Paige Paruki, Kathryn Widman

Key losses to graduation: none

We had no seniors for our Winter COVID '21 season. This year we have lost some of our up and coming players that we were hoping to have round out the team. Hannah Abplanalp, Georgeanne Cardona, Isabella DuBois. They will be missed!

Team strengths: Determination and Tenacity. The girls pull together as a team and are continuing to improve daily on their hitting and serving skills.

Need to work on: Greater communication is a perpetual goal.

Coach's comment : We are determined to be a scrappy and tenacious team that has a strong offensive game. These girls are very responsive to honing their skills, and I'm confident that they will continue to work hard to put victories on the board.

Amelia is the leader of the team and works hard to be able to perform her best come championships. Despite always smiling, Amelia is as tough as they come.

Key losses to graduation: Macy

Shamro - Talented runner who did not get to compete at a Sectional meet in her senior year. Macy will be missed.

Team strengths: Youth - All girls will be returning next year. The foundations for a championship team are here, but a couple more girls are needed.

Need to work on: Numbers - The program is small but mighty. With that said, a couple more girls would make them Section champion competitors.

Coach's comment : "The goal is to build as the season progresses. Every member of the team is going to get better and be their best come cham-

pionship time. The team is small but expect a tough competitor when you see 'Tri-Valley' across the jersey.

Last season's record: Tri-Valley was undefeated last cross country season.

Top returning players: Adam Furman and Craig Costa.

Team strengths: Tri-Valley Boys have a couple strong front runners with great depth.

Need to work on: We are really focused on the team working together. To be competitive as a cross country team, you need to have a minimum of

five runners perform well. Our team has great potential to do well at the NY State Championship, but it can only be done if we all pull in the same direction.

Coach's comment: "My goal for the team is to perform well at sectionals and earn a spot at the NY State Championship. This team offers Tri-Valley running its best chance at a top spot in the State in many years. I am very excited to see their hard work pay off this season."

GOOD LUCK TO THE TRI-VALLEY TEAMS!
