City of Tipton Household Hazardous Waste Facility

210 N. Pacific St.
 Collections held the 2nd Wednesday in June and September • 2:30-4:30 p.m.
 Register by calling City hall at 660-433-2323 or email: cityhall@tiptonmo.us

Guidelines for the use and storage of household chemicals

1. Try to protect the product's label. Store substances in their original containers. If an item is not in its original container, clearly label the current container with the product's name, date and "Danger" & "Do Not Open". If the item is an unknown substance, clearly label the container with the current date and "Unknown Substance", "Danger" & "Do Not Open".
2. If the product is in a rusting metal or breakable container, this container should be placed within a larger, plastic container with a tight fitting lid. A non-flammable absorbent, such as a clay-based litter box filler, should be packed around the product contained to absorb any leaks. Label the product as described in item no. 1 above.
3. Clearly label the outer container with the contents, the date, and "Danger" & "Do Not Open."
4. If the product is known to be flammable, store it away from sources of heat, spark, flame or ignition. Remember these sources include gas fired water heaters, electrical appliances, light switches, garage door openers, pilot lights, internal combustion engines and electric motors.
5. Store the container out of the reach of children and animals in a separate locked or other secure structure.
6. The best way to avoid having HHW is to buy safer products or buy what you will use in one or two years.

Steps to properly transport household hazardous waste to collection center

1. Keep products in original containers. Never mix products.
2. Label materials that are not in their original containers. Attempt to identify any substance in an unmarked container. If you are not sure of the specific product name, provide the product category (household cleaner, pesticide, lubricant, etc.)
3. Check all containers. Make sure lids are on securely and sealed tightly.
4. If a container is leaking, place it in a larger, plastic container with a non-flammable absorbent material (cat litter box material) to soak up any leaks. This will also keep the inner container from shifting. Label outer container with the date it was packed and the contents (material name/category and fact that inner container is leaking).
5. Place containers upright in a plastic bag lined cardboard box. Secure containers so they won't tip over in transit to the collection center.
6. Transport materials in the bed of a pick-up truck or in a car's trunk. If items must be transported inside the passenger compartment, make sure there is proper ventilation until materials are removed. Do not smoke while transporting flammable materials.
7. Keep flammables out of direct sunlight and away from sources of heat, sparks, flames or other ignition sources.

Frequently Asked Questions

- * **Why do I need to make an appointment?**
 Some household products are flammable and highly toxic. For safety reasons, facility staff needs to attend to each visitor individually to ensure proper handling and disposal of materials.
- * **Is there a limit to the number of visits?**
 No, residents of the City of Tipton and Moniteau County can make as many appointments as necessary.
- * **Can anyone drop items off at the center?**
 No, the center is specifically for residents of Tipton and Moniteau County.
- * **Are there other ways to safely dispose of household hazardous waste?**
 For some items, yes. Latex paint can be thrown away when completely dry. Many automotive stores will take used oils and car batteries.

Common HHW Products		
* Acid	* Fingernail polish/removers	* Fluid
* Adhesives	* Lead	* Wood Stain and Preservatives
* Aerosol Cans	* Kerosene	* Mothballs
* Ammonia	* Motor Oil	* Pagers
* Anitfreeze	* Pool Chemicals	* Paint
* Batteries	* Varnish	* Shoe Polish
* Bleach	* Insecticides	* Pet Sprays/Dips
* Caulk	* Windshield Wiper Fluid	* Lighter Fluid
* Cell Phones	* Transmission	
* Cell Phone Chargers		

Items NOT Collected at the HHW Center

- *Asbestos Waste
- *Commercial Explosives
- *Medical/Bio-waste

The City of Tipton's Household Hazardous Waste Facility is funded in part by a grant from the Mid-Missouri Solid Waste Management District and approved by the MO Dept of Natural Resources.

The facility manages household hazardous waste through reuse, recycling and proper disposal.
