Fishing for the kids

Tournament benefits Ronald McDonald House

The International Union of Operating Engineers Local 148 is hosting its 36th annual Bass Tournament to benefit Ronald McDonald House Charities of St. Louis. The tournament will be held Saturday, Sept. 7, at PB2, Lake of the Ozarks State Park.

A group of dedicated and energized local 148 volunteers, both active and retired members, have donated a weekend of their time to raise money for charities dedicated to battling childhood diseases. Since its inception at Sterett Creek on Truman Lake in 1988, this one-of-a-kind tournament has raised about \$1.9 million for Cystic Fibrosis research, the Leukemia & Lymphoma Society, Cardinal Glennon Children's Hospital, and now the Ronald McDonald House of St. Louis.

The Ronald McDonald House of St. Louis provides a home away from home for families of seriously-ill children, and support to organizations that serve the needs of children. St. Louis' three Ronald McDonald Houses offer parents and family members a respite from hospital waiting rooms 24 hours a day, 365 days a year. Their houses provide the essential comforts of home.

The tournament is designed to allow your everyday fisherman the opportunity to have a fun day of fishing along with helping a great cause. All you have to do is register as a fisherman; you don't even have to catch a fish to qualify to win. There will be cash prizes based upon 10 percent of the number of boats fishing. Entry fee is \$200 and includes two wristbands for food and beverage service on Friday and Saturday. Additional wristbands can be purchased for guests of fishermen at \$20 per person and are good for food and beverages Friday and Saturday.

Safety tips while using water toys on the Lake

It is summer and it is hot. The water is refreshing and it's time to break out the water toys, or maybe even get new ones. Floating mats, water trampolines, inflatables and arm floaties are all fun to use but even though they can help keep a baby, child or adult afloat, water toys are not a substitute for a safety device. They should never be seen as a replacement for adult supervision or used without a life jacket.

The Good Housekeeping Research Institute (GHRI) found aquatic toys to be especially dangerous. The toys were found to flip easily, putting children at risk of injury or drowning (especially if the children were ejected into deep water).

Some of the toys were so slippery, children fell into the water while attempting to climb them. Other toys were so flimsy as to easily collapse under the weight of one child. Many inflatable toys water and mats can easily flip, sending a child into the water or trapping the child below the surface.

The Centers for Disease Control and Prevention indicates for every child under age 18 who dies from drowning, another seven receive emergency department care for nonfatal drownings. Nearly 40 percent of drownings treated in emergency departments require hospitalization or transfer for further care (compared with 10 percent for

all unintentional injuries).

A drowning can happen quickly and quietly anywhere there is water, especially to unsupervised children. It happens in lakes and oceans, pools, bathtubs, and even buckets of water. Life jackets can prevent drowning during water activities, especially boating and swimming. The U.S. Coast Guard reported 658 boating-related deaths in 2021. Of those, 81 percent died by drowning, and 83 percent of these people were not wearing life jackets.

It is unfortunate, in 2022 and this year, we have had adults and children severely injured or died due to drowning, using water toys, and aqua mats.

So, what does a drowning look like? The Red Cross offers this: Do you imagine drowning to be splashy and loud, with arms flailing and screams for help, as perhaps seen in a movie? If you thought you could hear if a loved one was drowning, you would be sorely mistaken. The reality is that someone could be drowning a few feet away from you and you wouldn't know it - because drowning is often silent.

When people are drowning, all of their energy is going into trying to breathe and staying above water," says Shelley Dalke, Director, Swimming and Water Safety Programs for the Red Cross. >>>>

7 WARNING SIGNS THAT SOMEONE IS DROWNING:

1. Struggling to keep their face above the water in an effort to breathe - head is low in the water, tilted back, and mouth is at water level.
2. Has arms extended to the side pressing down for support.
3. Has a vertical or approaching vertical body position with no supportive kick, appear as if they are bobbing.
4. Might continue to struggle underwater, but isn't making any headway, often facing the nearest point of safety, for example land, a person, shallow water, a buoyant support toy or a boat.
5. Eyes appear big, glassy and empty, unable to focus.
6. Inability to respond to the question: "Are you okay?"
7. Silence.

WHAT PRECAUTIONS CAN BE TAKEN WHILE ENJOYING OUR WATERWAYS, TO MAKE IT SAFE FOR ALL?

1. Everyone wears a life jacket, adult, teen or child.
2. Restrict the use of alcohol.
3. Read and follow the manufacture recommendation user instruction.
4. Follow manufacture recommended maintenance and care instructions.
5. Periodically, examine the water toy for defects. Repair or discard, if necessary. Do not use if it is in bad condition.
6. Don't use floatables in high boat traffic areas or use it in water where there may be underwater structures, trees and rocks.
7. Be aware of others. Do any of them exhibit the seven signs of drowning?
8. Do a head count. Is anyone missing? Keep track of all.

The Lake of the Water Safety Council wants everyone to enjoy the waterways of Missouri. Please be safe so you and your family can come back again.

Wake For Warriors

Wake for Warriors is not just another veterans charity; it's a lifeline for our wounded veterans and their families. Through the transformative power of water and snow sports, we provide therapeutic experiences that go beyond the ordinary. Wakeboarding, wakesurfing, and skiing aren't just thrilling activities; they serve as pathways to physical and emotional healing for those who have sacrificed so much for our country.

"Wake For Warriors is an organization along with MarineMax that set up this opportunity for veterans to get out on the water, active duty as well, and find the healing power of both community again and what the water does for us," said retired United States Marine Mathew Hannon.

"I never thought I would see myself doing this with two legs, let alone just one," Hannon said. "It's more about the community and the connection that we get with each other, we build such close bond in such a few days."

Hannon is a part of the Pacific Northwest Wake For Warriors crew and made his way down to the Lake for the first time last year from Washington State. "This is my first time to Missouri, and I will be back," he said. "The Ozarks has a special place in my heart for sure. I am so grateful. The community out here and the people are so welcoming. I know it's the midwest, but there is some southern hospitality in there that you don't see in some of the other states, and I think we need a little bit more of that, a little more love."

He noted that it would be hard to find a better place than where he was on Saturday. "It's hard to have a bad day on the water, you know what I'm saying," Hannon said. "This would not be possible if it wasn't for David Deep and the Wake For Warriors teams throughout the continental United States of America."

AQUAPALOOZA RETURNS JULY 20

LAKE MEDIA FILE PHOTOS

Aquapalooza 2024 presented by Benne Media production returns to the Lake of the Ozarks on Saturday, July 20, hosted by Captain Ron's Bar & Grill. Party goers of all ages can enjoy free live music from four bands, vendors, food and prizes at what is known as 'the Lake's largest family boating event.'

WHEN: Saturday, July 20, noon - 5 p.m.

WHERE: Captain Ron's, 82 Aloha Ln, Sunrise Beach, MO 65079, 34.5 mile marker by water

Captain Ron's general manager Rory Steward is eager to get to business serving up drinks to new faces from new places.

"We are super excited. We have hosted it since 2021 and we just get to see so many different people from all over the place and see them have a lot of fun with the stage they build out there. It's really interesting to see," Steward said. "But, at a certain point for me as a bartender it just becomes background noise, because we just keep our head down and grind."

Bringing Fashion Week to LOZ

Annette Sunshine is a fashion designer based out of Kansas City who has shown her designs for several years during Kansas City, Omaha and Chicago Fashion Weeks. The Inn at Grand Glaize is excited to bring a fashion series to the Lake of the Ozarks kicking off with a Trunk Show and Cocktails with Annette Sunshine on July 22 at 7 p.m. in their Grand Ballroom. The event will showcase Annette Sunshine's Resort Wear Summer 2024 Collection. Trunk shows are unique opportunities to purchase designer clothes and accessories at a discount. Designers use these styles of events to not only promote their designs but to clear out older inventory to make room for their their new designs. These events are usually only found in large cities like LA or NYC. The Inn at Grand Glaize and Annette Sunshine are thrilled to be able to bring a trunk show to the Lake of the Ozarks.
